

Assignments

Week 1, beginning 1/18/2006:

Thursday:

Discuss syllabus.

Discuss ideas of particles and fields and Anne Lamott's *Bird by Bird*.

Focus on description using Tom Wolfe's passage.

Break into five groups and create descriptive thing lists.

To Do For Next Week:

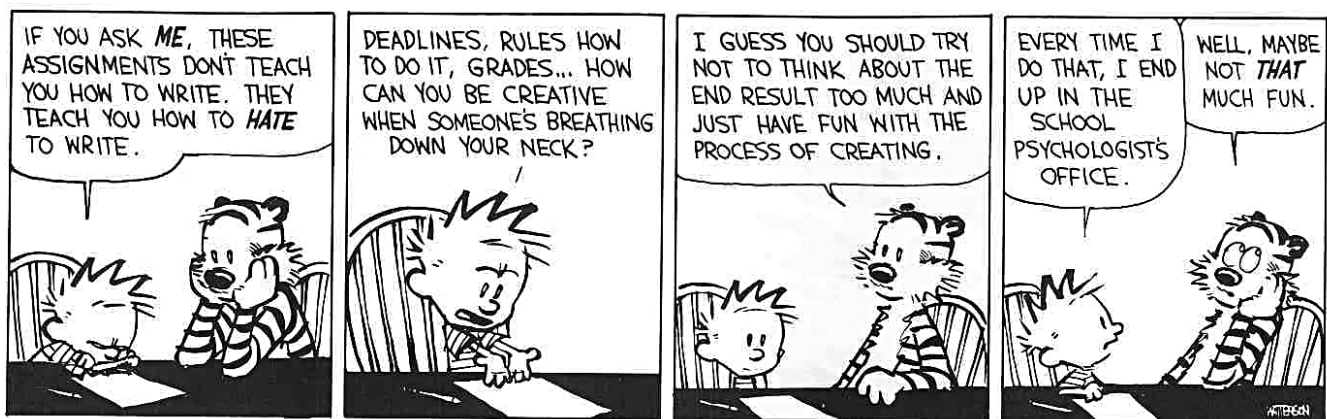

Purchase required texts and bring them to class.

Complete the detail list for the photograph discussed by your group and then underline those words in your list that best capture the mood of the photo. If your list of underlined words doesn't seem to express a mood, add more things until it does. Bring this to class with your group photo.

Select a photo and create a detail list for it. Bring the photo and your description to class, but please don't share your photo or list with anyone before we have a chance to discuss it.

In *Bedford* read pages 117 to 143.

Be sure to bring your *Sentence-Combining Workbook* to class.

"Calvin and Hobbes" by Bill Watterson.
